

## Why JBQ?

*In an age where knowledge about the Bible is blurry and uncertain, it is essential for children of this generation to know what God's Word says. It is in the Bible that we find God's direction and plan for our lives! We want kids to have a solid understanding of the Bible so that as they seek after God throughout their lives, they are not confused by the World's perception of God, but that they can understand God fully as the Bible describes him. Understanding the truth of the Bible is key to a strong biblical worldview, so that kids can stand strong in their faith in God throughout their entire lives! If you want your child to have a deep understanding of their life's purpose, JBQ is a great place to start! Thank you for considering Junior Bible Quiz. For more information on this great program, check out the website, [www.nationaljbq.com](http://www.nationaljbq.com).*

## What is JBQ?

Junior Bible Quiz (JBQ) was created and designed to help children develop a love for the Bible and an understanding that its truth can guide their lives daily.

Junior Bible Quiz offers a fun, interactive, way to motivate children to understand the all-important truths in God's Word. Through cooperative learning, children work together on teams to learn and understand the questions and answers from the Bible Fact-Pak. Then using cooperative competition the children meet with other teams for a fun quizzing match. There are twenty questions in a match, with two teams of quizzers trying to beat each other on the buzzers to get the first shot at the answers.

It has been said that JBQ is the fastest growing discipleship program in children's ministry.

### What is the Bible Fact-Pak?

The Bible Fact-Pak contains 576 questions and answers drawn from the Bible. Some questions provide background about the Bible and its con-

tents. Other questions explore the teachings and doctrines within the Bible. All of these questions together give children solid basis for a strong and lasting relationship with God.

To many people 576 questions and answers may seem overwhelming, however the kids learn the questions and answers bit by bit over time. And through cooperative learning and competition kids work together to learn the Bible Fact-Pak as a team. JBQ is a team sport that encourages kids to work together to learn and understand the Bible!

### How old should children be for JBQ?

A child is eligible to quiz if he/she is starting 1st- 6th grade in the fall.

### What is a Quiz Team?

A quiz team consists of a coach, one or two assistant coaches, and two to eight children eligible to quiz.

There are **two kinds of teams**. **Advanced teams** for older and more competitive children. Often children who have been in Quiz for a while. These teams often involve the most practice and commitment. The other kind of team is the **Basic teams** for younger and less competitive children. These teams study easier questions and work best for kids who are new to JBQ.

### Where do Teams Compete?

JBQ class runs throughout the year, but the competitive JBQ season lasts from September through April. Kids who participate in JBQ will compete in 4-5 contests in a

given season. They will compete against other quiz teams from other churches across Wyoming. If a team does well at the State Championship Meet in April, then they would have the chance to compete at the Regional and even National level!

### When do Quizzers meet for practice and how often?

Throughout the year, we have JBQ practice every Sunday evening at 6:00pm. There are a few Sunday evenings when we do not have practice and those will be outlined in a schedule.

At practice, kids learn the questions and get help from the coaches. They play games and do fun activities as they learn the fundamental truths of the Bible. Practice ends around 7:30pm. If you drop your child off, we ask that you return then to pick up your child.

### What does my Child need to participate?

Kids will need to buy an Orange Fact-Pak Study Guide Book. They cost \$10 and can be purchased through Andrea Rossignol. Other helpful study products are available but not required. They can be also acquired through Andrea.

Kids will need to study their assigned questions every week. It is recommended that they study with a parent or family member 15 minutes a day. This is a great opportunity for kids to learn God's Word with their families and grow stronger in their relationship with God!
